

PUSH AMERICA

PUSH AMERICA is a non-profit organization which was established in 1997 by the Pi Kappa Phi Fraternity. It was established to mobilize its members in an effort to support all people with disabilities. PUSH AMERICA's mission is "**building leaders of tomorrow by serving people with disabilities today.**" I heard about PUSH AMERICA from my friend Dave Drees who is a Pi Kappa Phi alumnus. I was fortunate enough to attend the PUSH AMERICA bike rally, with Dave, at the Colorado State Capital, earlier this summer. I had goose flesh watching these young men, who were biking across the country raising awareness and money for people with disabilities, ride onto the grounds of our state capital. I felt honored to be able to shake hands and personally thank every member of that team for their commitment to the deserving and often times under served disabled community. What a glorious day! For more information about PUSH AMERICA go to www.pushamerica.org. Whether or not you are a Pi Kappa Phi, you can be a supporter of their mission.
